ESTIMATED NUMBER GALLONS TO BE USED: \_\_\_\_\_

*(Note: The District will periodically compare water use over time and if the gallons used exceeds your estimated water use, the district will have the right to limit your use down to your original estimate use. If a tap was checked for the estimated water use, and it turns out the actual use is much greater, the original calculations will be wrong and invalid, and you could be affecting users in this area. The District has a responsibility to those already on the system (this does not mean a one-month exceedance but a pattern of exceeding the estimated flow.)*
